REGULAR AGENDA

3. Request for a Development Plan Review consisting of nine (9) new buildings within approximately 2.15 million square feet of office/commercial space for **MARINA HEIGHTS (PL130119)**, located at 300 East Rio Salado Parkway. The applicant is DAVIS.

STAFF REPORT: [DRCr MarinaHeights_061113](#)

Chair DiDomenico called to the public to see if anyone was in attendance for this case and if there was anyone who wished to hear a full presentation.

Seeing no one in the audience interested in speaking on this case, Chair DiDomenico closed the hearing for public input. He indicated that the applicant could concentrate on the two questions brought forward during the study session by Commissioners Kent and Maza.

This case was presented by Ryan Levesque and represented by Buck Yee from Davis (applicant).

Mr. Yee provided a brief presentation which included the phasing of the project. Colored elevations were presented in order to show the Commission specific design elements that will be used, particularly on the buildings fronting the lake.

Commissioner Kent asked the applicant if they could explain why there isn't more office space fronting the lake.

The applicant indicated that there are 9500 cars that need to be accommodated and have worked tremendously hard to create the pedestrian plaza which is the center focus of the project. There is a great number of parking that will be parked below grade and they have placed the above ground parking structures to the east and west of the site to maximize the views from all of the buildings.

Commissioner Collett asked a question (inaudible).

Chair DiDomenico stated that positioning the buildings on top of the garage and placing them facing more north/south affords better views up and down the lake. He also stated that the way the garages have been positioned on the site will assure that all tenants will have a good view and none will have a view of either garage.

On a motion by Commissioner Tinsley and seconded by Commissioner Collett, the Commission with a vote of 7-0 approved this Development Plan Review as recommended in the staff report.
