***Training - Budget Detail Worksheet***

FEMA Approved Training Class and Course Number and Title and/or Training Event:  
 2015 Arizona Tactical Officers Association Conference

Enter a Brief Course Description. MUST include: 1) Proposed Location, 2) Training Provider, 3) Provider Address, 4) Provider Point of Contact, Number and Web Conference in Peoria, Arizona of all tactical teams in the state of Arizona that includes national training review and incident debriefs. Hosted by Arizona Tactical Officers Association, AZTAC.org. POC: President of ATOA Doug Scholz, 480-682-8655

How does the requested training support FEMA mission scope to prepare personnel to prevent, protect, respond to and recover from all critical hazards?  
 The conference allows for updated tactical training to better respond to terrorist incidents as well as CBRNE containment and protecting a large populace.

How does the requested training build additional capabilities that support the UASI or SHSGP Strategy?

The training addresses the SPR Capability Gap of On-Scene Security and Protection, Training 1. Law Enforcement, in that tactical officers will attend training specific to criminal terrorist incident response on a statewide scale and exchange best practices with other state tactical officers.

Mission Area: Respond

Training Level: Performance

If requesting supplies, you must provide a list of all consumable supplies requested.

None

FEMA Approved Training Class and Course Number and Title and/or Training Event:  
 2016 National Tactical Officer Association (NTOA) Conference

Enter a Brief Course Description. **MUST include:** 1) Proposed Location, 2) Training Provider, 3) Provider Address, 4) Provider Point of Contact, Number and Web Location, Kentucky, Aug 14th-20th 2016. Provided by NTOA, NTOA.org, 1-800-279-9127. Participants: 4 attendees.

How does the requested training support FEMA mission scope to prepare personnel to prevent, protect, respond to and recover from all critical hazards?

Unique international tactical officer audience and presenters conduct training and presentations of lessons learned from around the world, including real world hostage taking and active shooter incidents.

How does the requested training build additional capabilities that support the UASI or SHSGP Strategy?

This training addresses the SPR Capability Gap of On-Scene Security and Protection, Training 1. Law Enforcement, in that tactical officers will attend training specific to national and international terrorist incidents and learn best practices for response to better protect the populace.

*Equipment - Budget Narrative*

**Budget Description:** List each item from your budget worksheet pages in the same order in which they are listed on the proceeding page. For Equipment, each Allowable Equipment Category (PPE, Interoperable Communications, Detection, etc.) must be listed. Under the federal guidelines "Equipment" has been defined as any single item that has a value of more than 5,000 and a life expectancy greater than a year. However, for this budget narrative please be sure to include any and all items that can be found on the AEL. Please be sure to provide a brief description of each item and how each item will be utilized. Equipment cost estimates must be listed. For each item of equipment, list the Authorized Equipment List (AEL) Item Number. The most current AEL can be found on line at the Responder Knowledge Base at the following website: [www.rkb.us](http://www.rkb.us). If "Other Authorized Equipment" was annotated, specify the equipment here. All equipment associated with this grant must be listed on this page only. If you have any questions or concerns regarding the AEL, please feel free to contact Michael Stidham at [mstidham@azdohs.gov](mailto:mstidham@azdohs.gov).

<b>Brief Description and Utilization:</b>	X-Ray System: smallest and fastest system newly available to rapidly assess potential IED's. Short Barrel EOD Disrupter: To render safe IED's by EOD on SWAT entries. Immediate Action EOD Tool Kit: Backpack of EOD specific tools for hand entry of life threatening IED's. Pole Camera: Enables SWAT to look into 2nd story or higher windows. All Terrain Vehicle: Four wheel cart for EOD at large scale special events to transport EOD equipment, also will be used by RRT for moving personnel and equipment. Transport Trailer: Used to transport All Terrain Vehicle. Break and Rake Tool: Tool used by SWAT to break and clear out windows and remotely deploy flashbangs.

Governor Douglas A. Ducey

# State of Arizona Department of Homeland Security

Director Gilbert M. Orrantia

FFY 2015

Dear Stakeholder:

The project that your agency submitted to the Arizona Department of Homeland Security (AZDOHS) for consideration under the Homeland Security Grant Program has been awarded.

Please be advised, all projects require an Environmental and Historic Preservation review. Your project has been reviewed and it has been determined to have no potential impact to environmental or historic concerns. No further EHP review is required unless you modify the project and it is approved by AZDOHS. If you need further clarification please contact Michael Stidham at (602) 542-7041 or [mstidham@azdohs.gov](mailto:mstidham@azdohs.gov) with AZDOHS for further information regarding the EHP specific requirements for your award.

As stated in the subrecipient agreement:

The subrecipient shall comply with Federal EHP regulations, laws and Executive Orders as applicable. Subrecipients proposing projects that have the potential to impact the environment, including but not limited to construction of communication towers, modification or renovation of existing buildings, structures and facilities, or new construction including replacement of facilities, must participate in the DHS/FEMA EHP review process. The EHP review process involves the submission of a detailed project description that explains the goals and objectives of the proposed project along with supporting documentation so that DHS/FEMA may determine whether the proposed project has the potential to impact environmental resources and/or historic properties. In some cases, DHS/FEMA is also required to consult with other regulatory agencies and the public in order to complete the review process. The EHP review process must be completed before funds are released to carry out the proposed project. DHS/FEMA will not fund projects that are initiated without the required EHP review.

Additionally, all recipients are required to comply with DHS/FEMA EHP Policy Guidance. This EHP Policy Guidance can be found in FP 108-023-1, Environmental Planning and Historic Preservation Policy Guidance, and FP 108.24.4, Environmental Planning and Historical Preservation Policy.
