ACTION: Adopt a resolution revising the physical posting location for public meeting notices, modifying the City of Tempe Disclosure Statement, and repealing Resolution No. 2011.95. (Resolution No. R2019.55)

FISCAL IMPACT: N/A

BACKGROUND INFORMATION: The remodel for the City Council Chambers is set to begin on June 28, 2019. The area will lack public accessibility. For reasons of safety and to comply with Arizona Open Meeting Law, specifically A.R.S. §38-431.02, which requires the City to conspicuously post a Disclosure Statement on their website noting the physical and electronic posting locations for all public notices of its public bodies. Currently, the physical location is the City Hall Garden Level posting board.

This Resolution will revise the physical location to the Tempe History Museum located at 809 E. Southern Avenue. Public Meeting Notices will be posted at that address in the window to the right of the main entrance and will note the availability of individual meeting agendas online. It will also serve to repeal Resolution No. 2011.95 which previously declared the City Hall Garden Level posting board as the official posting location. Should Council choose to adopt this resolution, the website notice will be revised accordingly.
